

WORKPLACE APPLICATION FORUM 1 (F1)

VIEW #1

VIEW #2

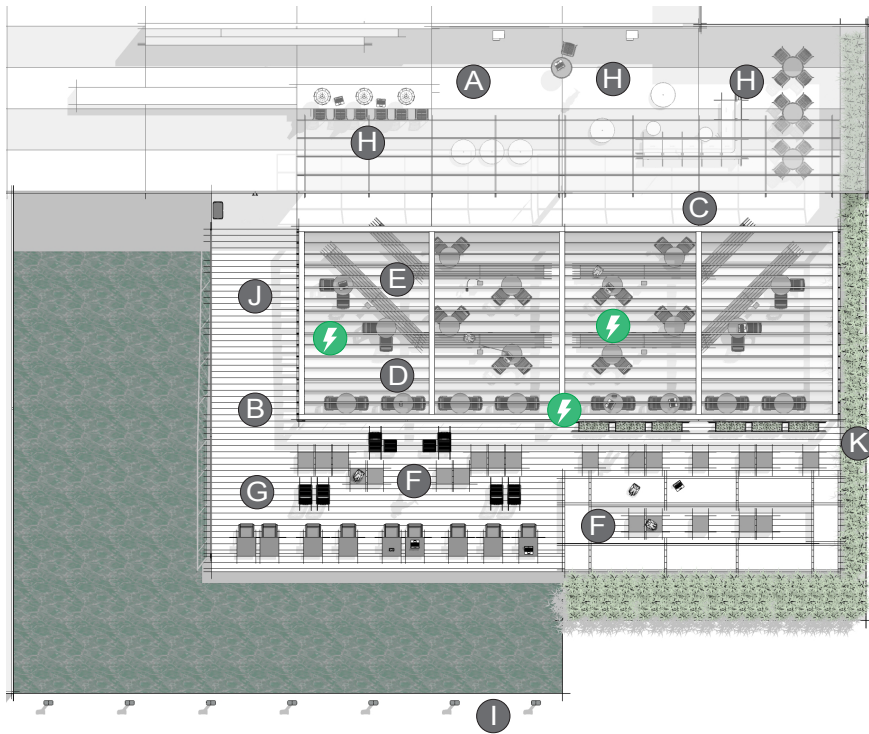

PLACE: FORUM

A forum is a semi-enclosed area designed for presentations.

PRIMARY INSIGHT: ENHANCE WORK EXPERIENCES

Open, thriving, and natural settings enhance work experiences by facilitating informal peer-to-peer connections. These nurture a sense of fulfillment by fostering daily relationship building interactions that enrich professional development, accelerate personal growth, and strengthen work-life integration.

ELEMENTS, ATTRIBUTES, AND USER EXPERIENCE

- A** An interior forum is part of a workplace strategy to spur social and business connections through open, thriving and natural settings.
- B** An integrated exterior courtyard is designed to offer opportunities to work in relaxed postures, inspire formal and informal peer-to-peer connections, and support large group presentations and events.
- C** External retractable glass door system (custom element) create a cohesive indoor/outdoor experience.
- D** An overhead scrim (custom element) filters sunlight to minimize glare, allowing for use of personal technology outside.
- E** **Multiplicity** benches with **Parc Centre** tables and **Parc Centre** chairs are configured to support informal social interactions and formal group presentations.
- F** **Parc Centre** lounge chairs and **Socrates** benches create areas for simultaneous social groupings on deck.

ELEMENTS, ATTRIBUTES, AND USER EXPERIENCE (CONTINUED)

- G** Windmark chairs and Parc Centre tables support dining or working along the edge of the deck.
- H** Chipman tables and Chipman stools support a section for an audience to sit as well as a single table and stool for the presenter to rest.
- I** MultipliCITY path lighting highlights the edge of a peripheral water feature.
- J** MultipliCITY litters provide attractive options to conceal and recycle waste.
- K** Sorella planters define boundaries and engage
- ⚡** Outdoor charging stations adjacent to tables and benches provide convenient access to power and USB charging.
