

## WORKPLACE APPLICATION

### OASIS 3 (O3)

---

VIEW #1

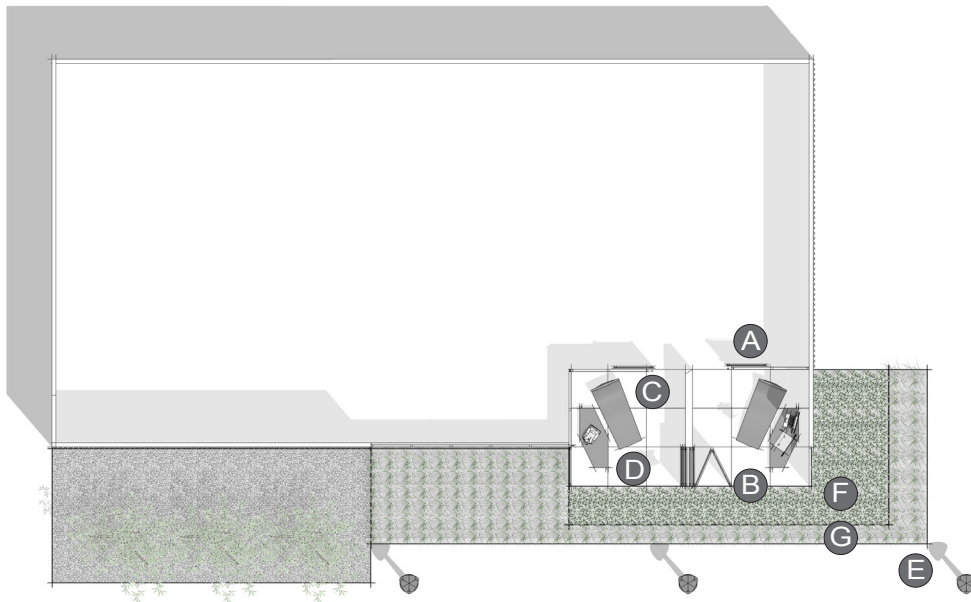

**PLACE:**  
OASIS

An oasis is a small, semi-enclosed area of respite where one can contemplate and do individually focused work.

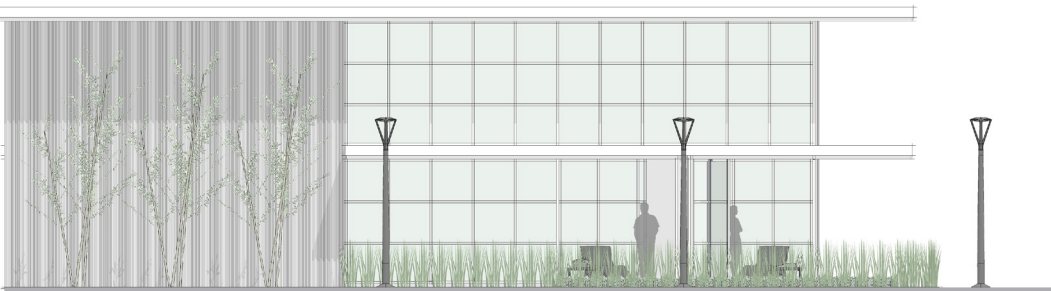

**PRIMARY INSIGHT:**  
PROMOTE WELL-BEING

Being immersed in nature stimulates employee well-being by promoting a sense of belonging, encouraging personal mindfulness, and fostering rejuvenation.

## ELEMENTS, ATTRIBUTES, AND USER EXPERIENCE

- A** Internal glass door system (custom element) allows settings to be closed off from co-workers for total privacy.
- B** External retractable glass door system (custom element) can remain closed in inclement weather or opened and stacked for an open air experience.
- C** **Chill lounges** provide a place for comfortable, relaxed working postures for reading, thinking, and working.
- D** **STRATA tables** have generous surface area for personal belongings, technology and/or writing space.
- E** **FGP Pedestrian Lights** illuminate landscaping features along the edges of the space.
- F** A low flower bed adjacent to the deck engages visual and olfactory senses.
- G** Taller grasses sway in the breeze to contribute to an immersive, calming, and rejuvenating outdoor experience.
