ELEMENTS, ATTRIBUTES, AND USER EXPERIENCE

- A** A Huddle is typically near a Plaza or other hub to facilitate small breakouts from large group gatherings.
- B** The circular configuration supports natural social patterns and formations that support active learning.
- C** **Hebi bench** offers ample seating and space for personal belongings encouraging impromptu collaboration with others.
- D** **Chipman table** and **Chipman stools** support more active perching postures which can motivate participation.
- E** **Sentinel bollards** add ambiance while defining space
- F** **Reeder illuminated sign** provides campus wide wayfinding and identification of available settings which eases navigation.
- G** Curved matte granite surface (custom element) creates a strong aesthetic boundary and functions as a chalkboard encouraging active learning through small group collaboration.
- H** Wood decking creates a warm and inviting setting.
- I** Peripheral plantings creates a softened boundary and sense of place.
- ⚡** **Outdoor charging station** adjacent to table and stools provides convenient access to power and USB charging.
