

EDUCATION APPLICATION

MEET 2 (M2)

VIEW #1

PLACE: MEET

Meet is a setting that supports group discussions, presentations, and collaborations.

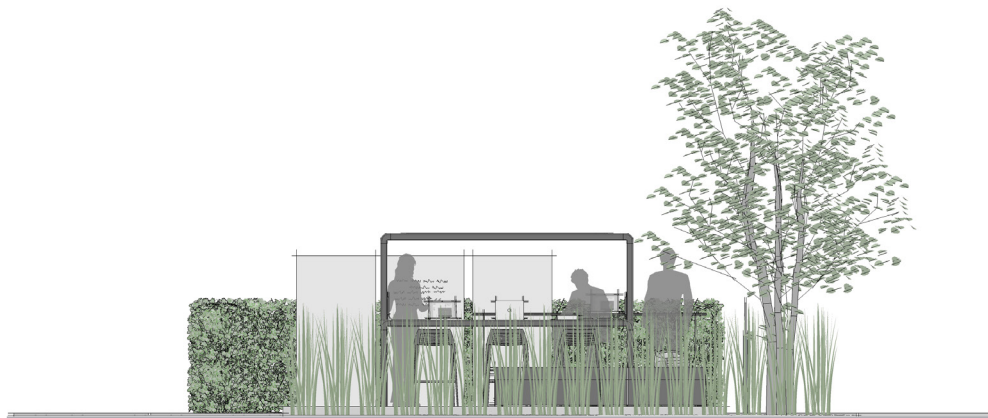

PRIMARY INSIGHT: ENCOURAGE ACTIVE LEARNING

Well-designed environments can encourage today's active approach of constructing knowledge together by supporting effective presentation and collaboration methods.

ELEMENTS, ATTRIBUTES, AND USER EXPERIENCE

- A** The **GO OutdoorTable** and **Chipman stools** support active standing and perching postures while providing a dynamic work surface for learning and presenting. In addition, the canopy helps to reduce glare on digital devices and integrated power outlets provide charging capabilities, extending the use of technology outside.
- B** Vertical surfaces (custom element) frame the edge of the space allowing for annotation supporting collaborative activities.
- C** **Jessie rail** offers a convenient surface to place personal devices or beverages for those presenting or facilitating collaboration.
- D** **Gus planter with seat insert** provides ample ancillary seating and a convenient place for personal items such as backpacks to lessen table top clutter and encourage active group learning.
- E** **Reeder illuminated sign** provides campus wide wayfinding and identification of available settings which eases navigation.
- F** Peripheral plantscaping creates a softened boundary and sense of place yet still offers an unobstructed perspective for inspiring views of surrounding space.
