## ELEMENTS, ATTRIBUTES, AND USER EXPERIENCE

- A** Waysides are easily accessible, typically occur along circulation paths and may be adjacent to Forums and Plazas.
- B** Unrestricted views in an open setting allows for creative inspiration from surroundings.
- C** The furniture configuration encourages collaboration for multiple groups through face-to-face social interactions.
- D** **Nu bench** offers ample seating and space for personal belongings encouraging spontaneous pauses for creative thought or conversation with others.
- E** **Socrates seating** supports brief periods of sitting for quiet contemplation or small group collaboration.
- F** **MultipliCITY path lighting** guides pedestrians to the space while increasing security, defining space and adding ambiance.
- G** **Reeder illuminated sign** provides campus wide wayfinding and identification of available settings which eases navigation.
- H** Peripheral plantscaping creates a softened boundary and sense of place.
