**LOCATION:**  
RESIDENTIAL SPACE

**PLACE:**  
COMMUNITY COURTYARD

A community courtyard is a private area within an apartment or condominium complex designed for social and leisure activities.

**PRIMARY INSIGHT:**  
ESTABLISH A SENSE OF SECURITY

In order to fully experience mindfulness and the rejuvenating effects of outdoor spaces, people need to feel a sense of security for themselves and their belongings.

## ELEMENTS, ATTRIBUTES, AND USER EXPERIENCE

- A** The privacy created by surrounding walls creates a safe, comfortable, and rejuvenating outdoor gathering area. This space creates a central hub that fosters a sense of community among residents.
- B** Retractable doors link indoor exercise studios and activity rooms to the courtyard offering a refreshing open air experience to residents and their guests. A long water feature made from bamboo creates a Zen-like focal point that unifies the courtyard and the adjacent yoga studio.
- C** **Parallel 42 benches**, **Parc Centre tables** and **Chipman chairs** create a long array of community seating for residents and their guests to relax, socialize, and observe other courtyard activity.
- D** **Parallel 42 benches** provide convenient places to sit adjacent to a bocce ball court.
- E** **Chipman tables** and **Chipman chairs** support working, dining, socializing, or playing games.
- F** **Cochran lounge chairs** and **Cochran side tables** provide a comfortable and relaxing gathering place for residents and their guests.
