

TRANSIT APPLICATION

GATHERING AREA – PLAZA 2 (G-P2)

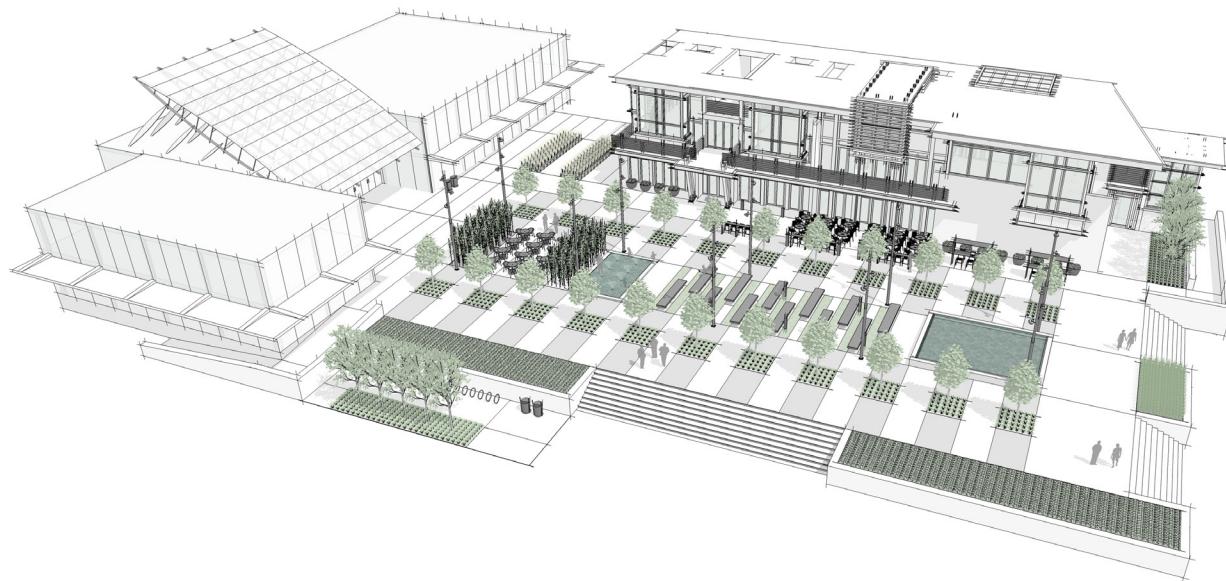

VIEW #1

VIEW #2

VIEW #3

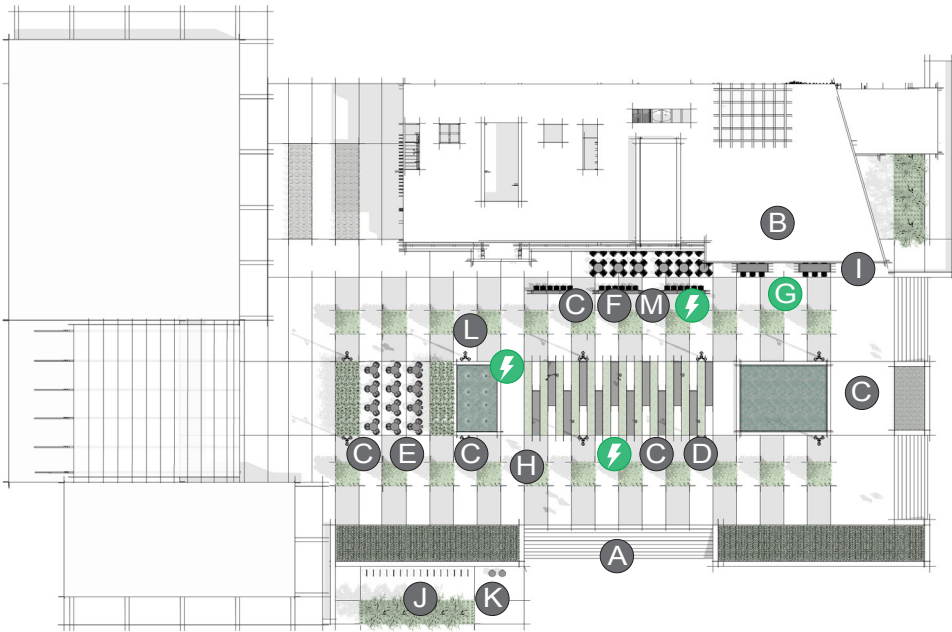

PLACE:
GATHERING AREA
PLAZA

A plaza is a gathering area and gateway for transit with focused activity zones complemented by quiet sections for seating.

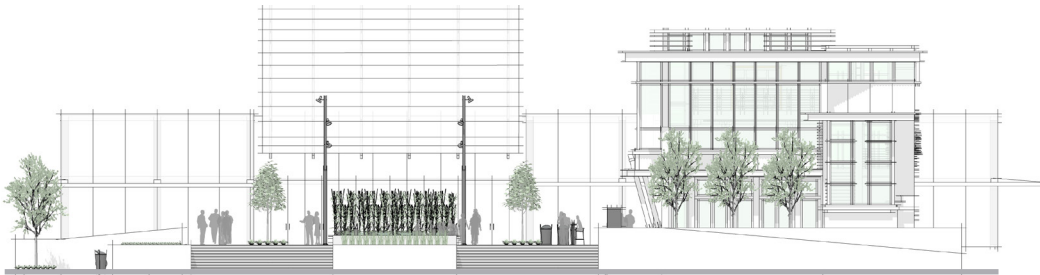

PRIMARY INSIGHT:
SPARK SOCIAL INTERACTIONS

By incorporating design interventions that spark social interactions, a more memorable and humanized transit process can be cultivated.

ELEMENTS, ATTRIBUTES, AND USER EXPERIENCE

- A** A transit plaza is scaled to facilitate social events, performances, and large volumes of commuters.
- B** Perimeter businesses provide services, add a sense of security, and play a key role in defining the experience of how people connect.
- C** Providing choice in multiple seating areas, water features, and landscaping contributes to a more humanized, engaging transit experience.
- D** **Levit benches** are configured for viewing performances.
- E** **Catena chairs** and **Parc Centre tables** provide a space for social gathering.
- F** **Chipman tables** and **Chipman chairs** offer a casual place for dining with others.
- G** **GO OutdoorTables** with canopies and **Chipman stools** provide standing and perched options for spontaneous interaction, and power for mobile devices.
- H** **Arne lighting** can be aimed to feature focal points on performance areas.

ELEMENTS, ATTRIBUTES, AND USER EXPERIENCE (CONTINUED)

- I **Larkspur planters** ground seating areas and soften hardscapes with colorful flowers and other green plantings.
- J **Ring bike racks** support additional options for transit by providing secure bike storage.
- K **Austin litters** provide attractive options to conceal and recycle waste.
- L A children's water spray platform is a key focal point that doubles as a dry area for planned performances.
- M **Jessie rails** with **Chipman stools** support casual postures and conversation while people-watching.
- ⚡ **Outdoor charging stations** adjacent to tables, rails, chairs and benches provide convenient access to power and USB charging.
