

## TRANSIT APPLICATION

### WAITING AND QUEUING – URBAN STATION 2 (V)

VIEW #1

VIEW #2

**PLACE:**  
WAITING AND QUEUING  
URBAN STATION

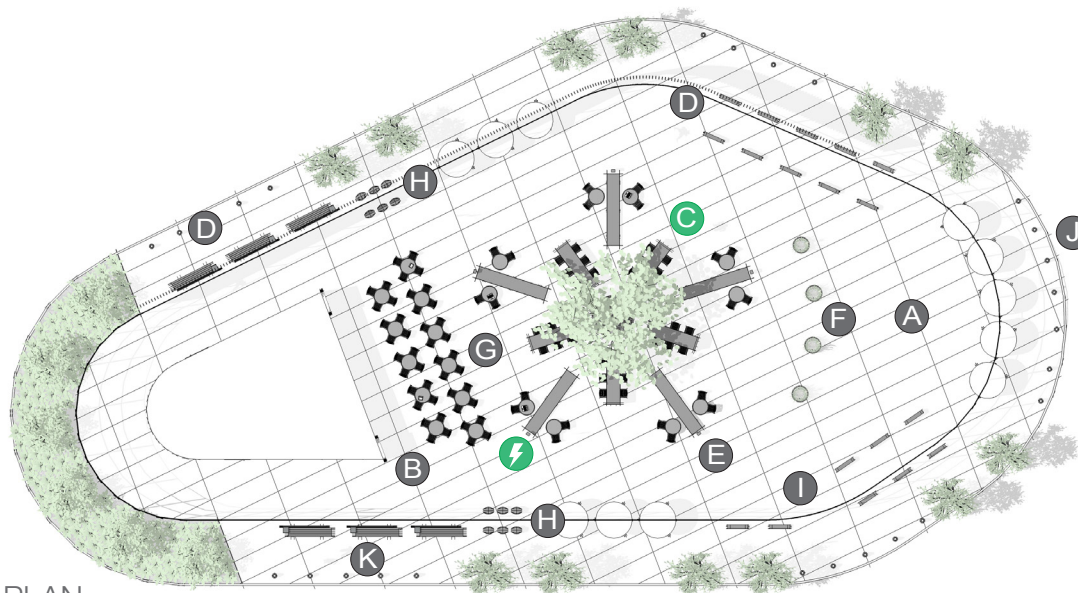

A waiting and queuing area within an urban station is a large sheltered train, light rail, and/or bus depot developed on an urban scale with dining and retail amenities.

**PRIMARY INSIGHT:**  
SPARK SOCIAL INTERACTION

By incorporating furnishing settings that spark social interactions, a more memorable and humanized transit process can be cultivated.

## ELEMENTS, ATTRIBUTES, AND USER EXPERIENCE

- A** A bright, active and open station enhances a sense of security while encouraging both interaction and productivity.
- B** A range of seating and amenities including coffee shop and deli offer a choice of comfortable spaces for commuters to work, wait, socialize, eat and drink.
- C** **GO OutdoorTables** with canopies and **Chipman stools** act as anchor points within the large open space while providing standing and perching options for spontaneous interaction, and power for mobile devices.
- D** Indoor and outdoor seating/perching areas offer commuters choices while waiting for transit.
- E** **Levit benches** paired with **Chipman chairs** and **Chipman tables** create flexible spaces for dining, observing, and small social gatherings.
- F** **Lakeside planters** serve as a visual boundary between transit entry circulation paths and seating areas while connecting commuters to nature.
- G** **Chipman tables** and **Chipman chairs** provide space for casual dining, conversation, and respite.

## ELEMENTS, ATTRIBUTES, AND USER EXPERIENCE (CONTINUED)

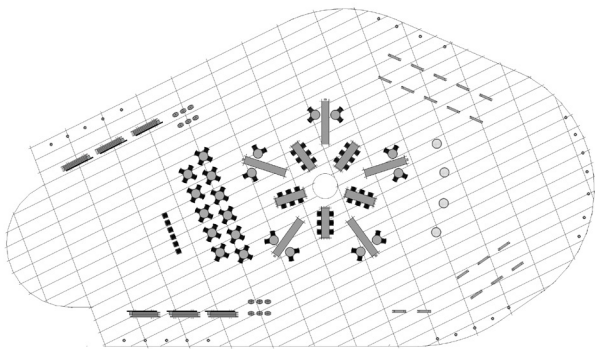

- H** **Collect** litter receptacles serve as attractive options to conceal and recycle waste.
- I** **Connect rails** placed near transit pick-ups and queuing areas offer users informal leaning or perching platforms while waiting.
- J** Lit **Sentinel bollards** surrounding the station grounds provide wayfinding landmarks for evening commuters while defining the station boundaries.
- K** **MultipliCITY benches** act as attractive, spacious seating for commuters to relax while waiting for transit.
- ⚡** **Outdoor charging stations** adjacent to tables and seating keep commuters connected by providing convenient access to power and USB charging.
