### ELEMENTS, ATTRIBUTES, AND USER EXPERIENCE

- A** Scenic structures create the core of this pedestrian plaza, which connects retail shops and townhouses and include areas for walking, cycling, relaxing, and gathering.
- B** Three adjacent Scenic units with louvered roofs offer protection from the sun and wind; a weather management system offers control of sun and shade levels and rain protection.
- C** Open sides to Scenic allow occupants to connect to the people and activity throughout the plaza.
- D** Power running through the Scenic posts and beams accommodates overhead lighting, monitors, fans, LED strips in the posts, and charging access at Scenic in-line and peninsula tables.
- E** Twig benches, Every Day Chairs, and Parc Centre tables within the Scenic structures support daily activities.
- F** Scenic in-line tables, Harvest stools, and Motive pendant lights provide lit, standing-height surfaces for socializing and working.
- G** Generous circulation in front of retail shops accommodates groupings of Every Day Chairs and Catena tables for relaxing and dining. Stretch umbrellas offer shade and signal a social destination point.
- H** Groupings of Parc Centre tables, Parc Centre chairs, and outdoor charging stations take advantage of the sights and sounds of the plaza's landscaping and vibrancy.

### ELEMENTS, ATTRIBUTES, AND USER EXPERIENCE

- I** Theory Thick benches with outdoor power pedestals create a cadence of respite and charging spots along the pathway.
- J** Pods and Sorella planters introduce color and texture to storefronts and define perimeters of Scenic structures.
- K** Northport area lights and Ashbery wall-mounted lights create a safe and secure evening experience.
- L** Go OutdoorTables and Chipman Stools provide areas for momentary dining and working.
- M** Annapolis bollards protect the pedestrian walkways from vehicular traffic.
- N** Rockford Litter receptacles, placed conveniently along the plaza, help to keep the area free of litter and provide ample capacity.
