35 Collection

Product Data Sheet

landscapeforms

The 35 Collection is a family of site furniture elements with a youthful spirit and a mission to promote social life in outdoor spaces. Created in collaboration with frog, the design powerhouse renowned for the first Apple computer, 35 integrates forms from architecture and nature in outdoor furniture for the 21st century. The collection includes six elements: Chill, an iconic chaise lounge; Mingle, a table with attached seats and its companion Shade, a colorful winged shade structure; the Stay cantilevered bench; and two new high performance products: Guide, an illuminated bollard; and Loop, a bike rack with a twist. 35 Collection elements work together to create integrated design solutions, while each makes a strong design statement all its own.

Stay™ Bench

- Stay benches are available backed; offered either surface mount or embedded.
- Stay comes standard without arms
- The seat is perforated steel supported by steel tubing.
- The back is perforated aluminum supported by aluminum extrusions.
- All benches have aluminum end castings.
- Surface mounting plates are made of aluminum.
- Bench ships fully assembled.

Divider Options

- The optional divider is a contoured cast aluminum component that fits across the seat from back to front; seat dividers may be ordered factory installed, either one or two per bench.
- A single divider leaves 32" of seating space on either side.
- Two dividers leave three 21" seating spaces.

Mounting Options

- Stay benches may be surface mounted or embedded.
- A surface mount Stay features a factory installed plate with tab, and factory supplied anchor bolts.
- All embedded supports are fitted with four stainless steel threaded rods that slip into adhesive-filled holes drilled into the concrete base.
- Call for mounting recommendations.

Finishes

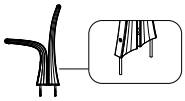

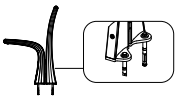

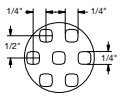

- All metal is finished with Landscape Forms' proprietary Panguard II® polyester powdercoat, a hard yet flexible finish that resists rusting, chipping, peeling and fading.
- Call for standard color chart.

To Specify

- Specify product name, model description and powdercoat color.
- Specify surface mount or embedded.
- Select number of optional seat dividers.

Note: Paver adapter option available. Call for details.

Mingle®

- Mingle tables are available with 2, 3, 4, 5 or 6 seats.
- Three-seat and five-seat styles are wheelchair accessible.
- Seats are available in backed or backless styles, and in perforated metal.
- Seat frames are made of aluminum castings and extrusions.
- All styles feature durable supports formed of steel tubing.
- Tables are compression-molded solid surface Marneaux™, Steelhead, or Catena styles.
- Some assembly required.
- Marneaux table tops are made from non-porous, man-made 100% acrylic resin solid surface material.
- Marneaux is available in six standard colors, and additional colors for an upcharge.
- Steelhead and Catena table tops are formed of heavy gauge steel with reinforced channels beneath.
- Catena features a rolled edge; Steelhead is framed by a 1-1/2" diameter metal tube and comes in a solid top.
- The Catena tabletop may be ordered in standard powdercoat colors, or stainless steel.
- Steelhead not available on 2-seat Mingle.
- All table tops are available with or without umbrella holes.
- Umbrella hole must specified when ordered and cannot be retrofitted on site.

Mounting Options

- Two-seat and three seat styles must be surface mounted.
- Four, five and six seat styles may be freestanding with glides or surface mounted.
- All tables must be surface mounted when used with any umbrella.
- If surface mount is specified, table must be surface mounted for stability.

Note: Mingle base is shipped as a unit for ease of installation. Seats and table tops need to be attached to the support assembly on site.

Finishes

- All metal is finished with Landscape Forms' proprietary Pangard II® polyester powdercoat, a hard yet flexible finish that resists rusting, chipping, peeling and fading.

Product Data Sheet

landscapeforms

To Specify

1. Select Mingle table with backed or backless seats.
2. Select 2, 3, 4, 5 or 6 seats.
3. Select table top: solid Steelhead,
   Catena in powdercoat or stainless steel, or Marneaux.
4. Specify with or without umbrella hole (may not be retrofitted).
5. Choose powdercoat color for metal parts or
   Marneaux color if applicable.
6. Specify freestanding with glides or surface mount.
   Two-seat and three-seat styles must be surface mounted.
   See Shade mounting option for surface mount rules.

	Style	Diameter	Height	Weight
	2-Seat Backless	67"	29"	108 lbs*
	3-Seat Backless	82"	29"	160 lbs*
	4-Seat Backless	82"	29"	192 lbs*
	5-Seat Backless	82"	29"	216 lbs*
	6-Seat Backless	82"	29"	243 lbs*

	Style	Diameter	Height	Weight
	2-Seat Backed	73"	33"	124 lbs*
	3-Seat Backed	87"	33"	183 lbs*
	4-Seat Backed	87"	33"	223 lbs*
	5-Seat Backed	87"	33"	255 lbs*
	6-Seat Backed	87"	33"	289 lbs*

Chill™

- The Chill lounge is suitable for corporate, public and urban spaces.
- Its sculptural form echoes the human body.
- Constructed of rotationally molded polyethylene and has been impact tested at zero degrees Fahrenheit.
- Chill ships fully assembled.

Mounting Options

- Chill lounge is shipped with removable surface mounting plates.
- The lounge may be surface mounted to hard surfaces, or placed freestanding on all surfaces.

Material

- Rotationally molded polyethylene provides strong structure with integral color that stands up to heavy use and is easily cleaned.
- Molded to a wall thickness of 5/16", Chill has withstood testing under 300 lbs dropped weights.

To Specify

- Specify product name and standard solid polyethylene color.
- Chill is not available in Millstone.
- Custom colors available on minimum orders of 50 or more for an upcharge.
- Chill is shipped with removable surface mounting plates.
- The lounge may be surface mounted to hard surfaces, or placed freestanding.

Shade™

- Shade umbrella panels are perforated aluminum mounted in an extruded aluminum frame.
- Struts are extruded aluminum.
- Top cap, strut ring and end caps are aluminum castings.
- Surface mount stand is steel.
- Shade ships with panels assembled; pole is easily installed on site.

Panel Mount

- Aluminum panels are mounted in a welded, extruded aluminum frame assembly.

Surface Mount

- Stand includes two stainless steel bolts to hold the Shade pole in place and must be used when the Shade sun shade is not mounted to a Landscape Forms table.
- Anchoring hardware not included.

Metal Finishes

- All metal is finished with Landscape Forms' proprietary Pangard II® polyester powdercoat, a hard yet flexible finish that resists rusting, chipping, peeling and fading.
- Call for standard color chart.

Mounting

- If specifying Shade with Landscape Forms' Charlie table, Morrison table, Take-Out table, or Contour table (with traditional, pedestal, or dual post style supports), the surface mount stand must also be specified.
- For all other standard Landscape Forms tables that offer an umbrella hole, the umbrella secures to the table and no stand is required.
- If used with a table other than those offered by Landscape Forms, Shade must be anchored using our surface mount stand.
- Shade may also be used without a table, but must be secured in our surface mount stand.

To Specify

- Specify product name, model description and powdercoat color.
- All tables used with Shade must be surface mounted.

	Style	Diameter		Product Weight
	Umbrella	79"		112 lbs
	Umbrella with Surface Mount Stand	79"		147 lbs
	Surface Mount Stand	14" dia.	26" h	40 lbs
	Pole: 1 1/2" diameter, clearance under panels: 6' 2"

Loop

- Loop bike rack is a simple, sweeping circle with a twist.
- Both functional and sculptural.
- Cyclists can loop and lock one or two bikes around its shape-shifting cast aluminum ribbon frame.
- The aluminum casting, finished with Pangard II® powdercoat, is offered in a selection of colors. Must be embedded to a concrete surface.
- Refer to install guide for spacing guidelines.
- Meets APBP guidelines.

	Style	Depth	Length	Height	Product Weight
	Bike Rack	14"	36"	31"	25 lbs

Metal Finishes

- All metal is finished with Pangard II®, offered exclusively by Landscape Forms, a 19-step program of cleaning, priming, and powder coating that resists rusting, chipping, peeling and fading to produce the finest metal finish available for site furniture. In addition, Pangard II® contains no heavy metals and is free of Hazardous Air Pollutants.
- Call for standard color chart.

To Specify

- Specify collection name and product name.
