Every Day

## Simple is versatile.

Designed by Landscape Forms, Every Day seating is simple, stylish and easy to get along with. It's honest and straightforward in its materials and construction—a balance of refinement and utility that makes it at home in a wide variety of outdoor environments. The line includes chairs with or without arms, a relaxed lounge chair, and both high-back and low-back standing-height stools. All pieces are easily stackable within their types and are readily configurable, making for a minimalist yet sophisticated solution for outdoor dining, gathering and multi-purpose event spaces. Every Day's focus on adaptability in design makes it the go-to solution for settings whose layout and purpose may change on a season-to-season or even day-to-day basis.

## Simple is fun.

In spirit, Every Day seating is a relative of the vintage camp and sling outdoor chairs whose no-fuss designs have become symbols of good times spent outside. The line brings this philosophy into the modern era, combining precisely bent wire and steel strapping to create pieces that are breezy, visually lighter, and more welcoming in their gentle curves and softened edges. Sit back, settle in, and experience a new icon of outdoor enjoyment.

## Simple is durable.

Don't let its casual, carefree attitude fool you—the Every Day line is built to last. Formed and welded all-metal construction means the pieces can confidently withstand stacking and repeated reconfiguration. A sled base bolsters structural integrity and offers more stability on a variety of surfaces including grass and gravel. And our proprietary Pangard II® powdercoat makes for enduring, vibrant color that resists chipping, peeling, and fading outside in the elements.

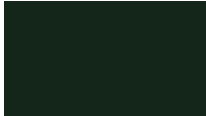

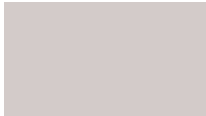

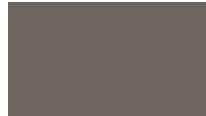

# Materials
