## Sustainability Data Sheet

With our roots in the landscape and a stated purpose to “Enrich Outdoor Spaces,” Landscape Forms has a special relationship to the natural environment. We have always been mindful that as we design and manufacture products that are acted upon by the environment, we act upon it in turn. Environmental sustainability is completely consistent with our purpose, our goals, our values and our principles. We make stewardship of the environment a vital part of our business.

To learn more about our sustainability initiatives, refer to our [Environmental Statement](#).

### LEED®

This product may help achieve the following points under the LEED 2009 Rating System. For specifics regarding rules for the inclusion of furniture, please consult the rating system and reference guide that applies to your project.

#### IEQ Prerequisite 2: Environmental Tobacco Smoke (ETS) Control

##### Intent

To prevent or minimize exposure of building occupants, indoor surfaces and ventilation air distribution systems to environmental tobacco smoke (ETS).

Benches, tables, chairs and ash urns help create a designated smoking area 25 feet or more from entrances, outdoor air intakes and operable windows to support the intent of this prerequisite.

### Care and Maintenance

Air Collection is designed and engineered to live a long, useful life in outdoor spaces without the use of chemical cleaners to maintain the finish. The durability, longevity and low maintenance of our products contribute to responsible stewardship of the earth's resources.

Clean surface as needed using a soft cloth. Avoid steam cleaning, abrasive cleansers, carbon steel brushes/wools and harsh cleaning materials or methods. Outdoor use will require periodic finish inspection and maintenance. Inspect periodically for scratches, nicks and gouges.
