**Bravo Bistro**

## An Iconic Form Reimagined

Bravo Bistro reinvents the traditional bistro chair and table for the new era of outdoor gathering. Inspired by the iconic design concept, we've incorporated more modern aesthetics and a greater attention to detail in engineering, manufacturing and choice of materials. So now, landscape architects, facility managers, restaurateurs and other designers of space have a compelling new option that offers classic ambiance with modernized styling, improved quality and durability, and competitive value.

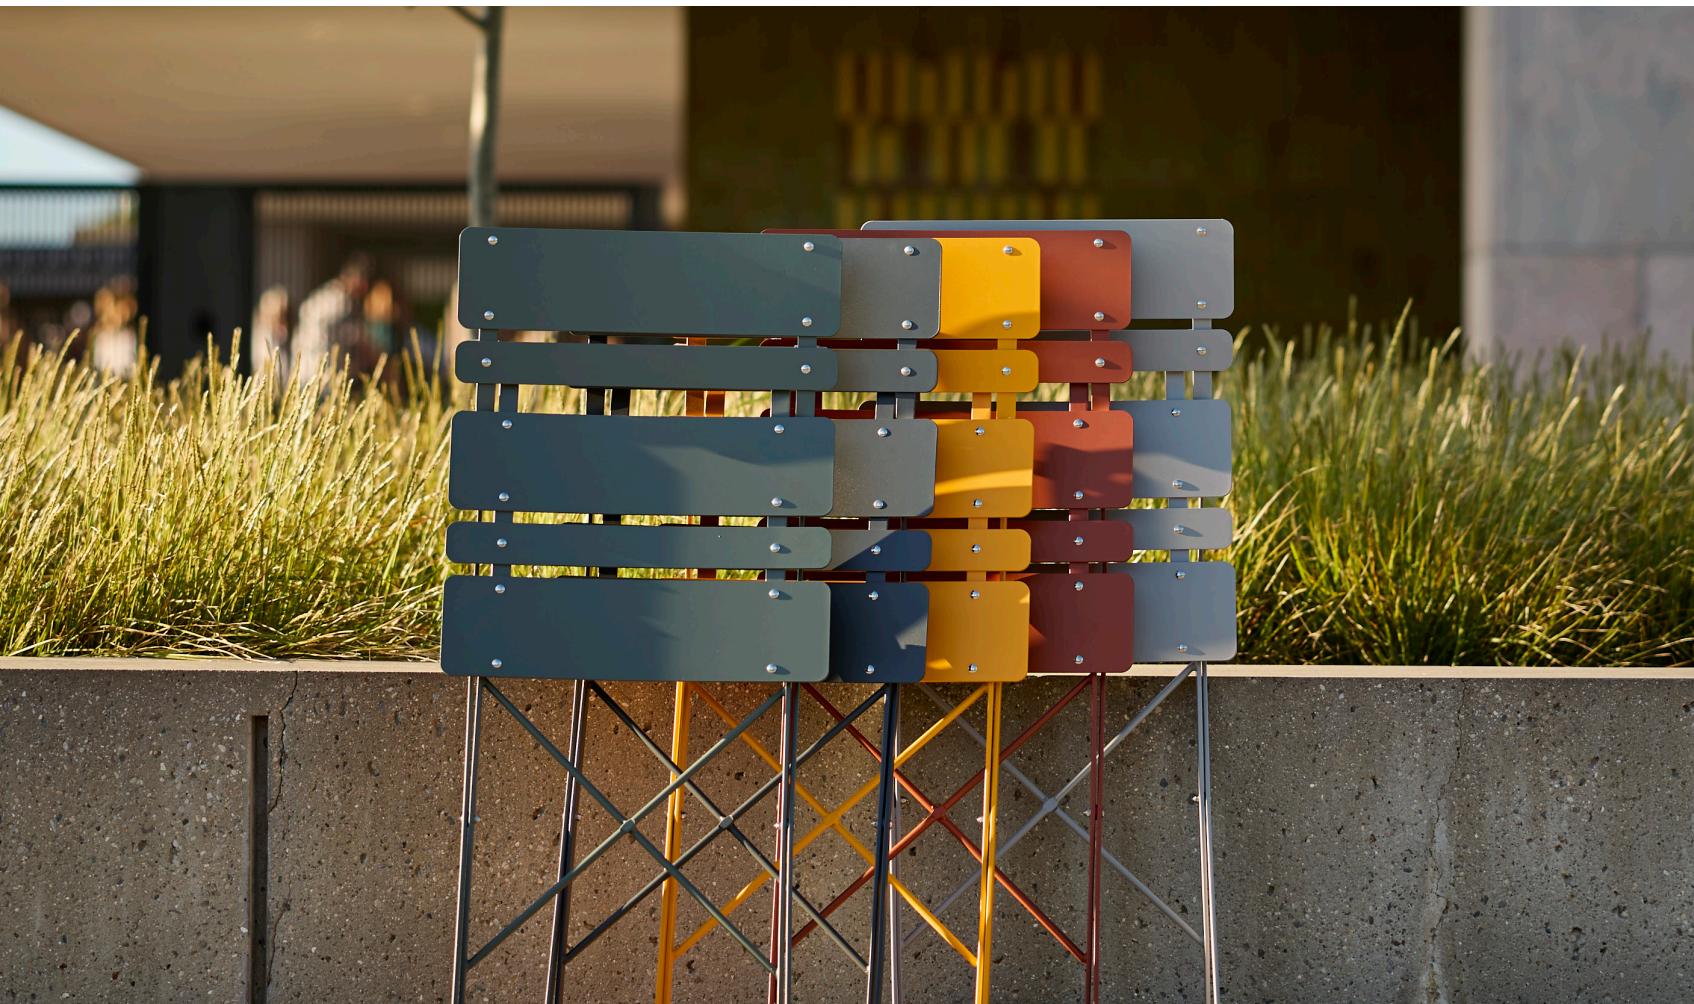

## Designed for Adaptable Spaces

The Bravo Bistro chair and table, by design, embody flexibility—the ability to easily adapt space along sidewalks, pedestrian zones, courtyards, plazas, terraces and others is an increasingly important part of safely facilitating social interaction. Easily arranged, reconfigured and stowed, Bravo Bistro creates efficient and comfortable go-to spaces for corporate campuses, schools and universities, restaurants and communities.

## Built for the Rigors of Daily Use

With today's fast-growing need for reliable and adaptable outdoor seating, gathering and dining solutions, Bravo Bistro sets a new bar for durability and quality in the category. Featuring heavier gauge metal and thicker, wider slats, the Bravo Bistro chair is more stable, secure and comfortable. The table, also of heavier gauge metal, stands firmly and soundly, making both pieces better able to withstand the abuse of repeated set-up, take-down and stowage. Both the table and chair are first e-coated then powdercoated, providing surface durability, resistance to scratching and corrosion, and protection from UV light and other elements. Powdercoat colors include Fog, Obsidian, Sage, Mango and Terra.

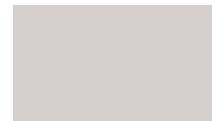

## Materials

### Powdercoated Metal (Fine Texture)

Mango

Fog

Terra

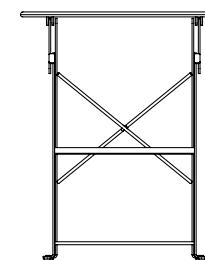

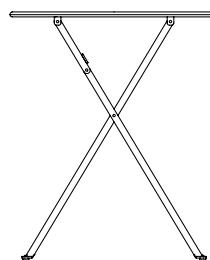

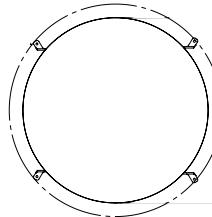

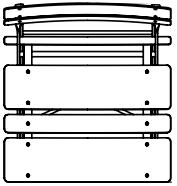

Sage

Obsidian

## Statement of Line

A row of modern, colorful outdoor park benches in a park setting. The benches are made of a light-colored, textured material and are arranged in a staggered, overlapping fashion. The colors of the benches include olive green, yellow, orange, and grey. The background is a bright, sunny day with a blurred green field.
