Product Data Sheet

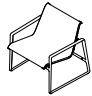

Cochran is simply elegant outdoor furniture designed by award-winning landscape architect Andrea Cochran. The line includes a chaise lounge, lounge chair with arms and low side table created to enhance outdoor experience. Its clean modern design is, like Cochran's landscape architecture, timeless. Part of the Terrace Life group of products for high-value social spaces, Cochran is intended and warranted for use in protected public spaces moves seamlessly into high-end residential settings.

Lounge and Chair

- Continuous loop frame constructed of aluminum castings welded together to make the final form.
- Fabric is secured to the frame with discreet connections
- A fabric self edge provides a trim border and a ¼" reveal between the structural frame and fabric rail
- Seating fabric is replaceable.
- Seat height for the chair is 18"
- Seating height for the lounge is 16"
- Glides are made of tough nylon to resist damage from dragging on rough surfaces.
- Available freestanding only

Side Table

- Table base is constructed of aluminum castings welded together to make the final form
- Table top is constructed of Glass Fiber Reinforced Concrete (GFRC).
- A ¼" reveal between the structural frame and tabletop echoes that on the lounge and chair
- Glides are made of tough nylon to resist damage from dragging on rough surfaces.
- Table is available freestanding only

Product Data Sheet

Finishes

- Metal: All metal is finished with Landscape Forms' proprietary Pangard II® polyester powdercoat, a hard yet flexible finish that resists rusting, chipping, peeling and fading.
- Fabric: Phifertex® Plus is a nylon weave that has been designed and engineered for a wide variety of applications that demand extra strength and dimensional stability. Phifertex Plus is highly durable, easy to clean and mildew, stain and fade resistant.
- The finish of natural concrete surfaces is porous and has a unique texture when fully cured. Consequently, as compared to smooth mechanically applied finishes, the surface of this concrete finish will naturally exhibit some voids as well as absorb discoloring tannins.
- Please refer to the Cochran Materials and Colors sheet for all standard color options.
