

1006 Navy Line

landscapeforms

Product Data Sheet

Created for the U.S. Navy in 1944, the Emeco 1006 Navy is an American design icon shaped by utility, craft and endurance. Including chairs and counter- and standing-height stools with or without arms, the line is handcrafted in Hanover, Pennsylvania from 80% recycled aluminum using Emeco's proprietary 77-step process, then finished in hand-brushed clear anodized aluminum. Welded into a single-piece form without hardware or fasteners, 1006 Navy is lightweight, non-corrosive, fire resistant, outdoor proven and guaranteed for life.

Chair

- The 1006 Navy chair is a freestanding chair available with or without arms.
- The frame of the chair is formed from hand brushed aluminum with a clear anodized finish.
- Chairs are not stackable.
- Soft plastic glides are suitable for indoor and outdoor use.

Stool

- The 1006 Stool is a freestanding stool available in two heights, Counter Height and Standing Height. Both heights are available with or without arms.
- The frame of the stool is formed from hand brushed aluminum with a clear anodized finish.
- Stools are not stackable.
- Soft plastic glides are suitable for indoor and outdoor use.

Warranty

- Lifetime warranty (150 years), excluding glides.

Finish

- 1006 Navy Chair comes standard only in Brushed Aluminum. This lightweight, non-corrosive, hand-brushed aluminum is made from 80% recycled aluminum and sealed with a clear anodized finish.

To Specify

- Specify 1006 Navy Chair and select with or without arms. Chair comes standard freestanding and ships fully assembled.
- Specify 1006 Navy Stool, select counter height or standing height, and select with arms or without arms. Stool comes standard freestanding and ships fully assembled.

Designed by Jasper Morrison for Emeco.
