

1 Inch Line

landscapeforms

Product Data Sheet

Designed by Jasper Morrison, the Emeco 1 Inch line is a family of all-aluminum stools and tables made from one-inch square aluminum tubing with perforated detailing. The line includes stools in dining, counter and standing heights, and tables in dining and standing heights and a variety of tabletop sizes. Lightweight, durable and suited for high-use outdoor environments, 1 Inch offers a coordinated solution for cafés, terraces, and flexible gathering spaces.

Stool

- The 1 Inch stool is a freestanding stool available in three heights - Dining, Counter and Standing Height. All stools come standard without arms.
- The frame of the stool is formed from hand brushed aluminum with a clear anodized finish.
- Stools are not stackable.
- Soft plastic glides are suitable for indoor and outdoor use.

Table

- The 1 Inch table is a freestanding table available in two heights – Dining and Standing Height - and a variety of round, square, and rectangular tabletop sizes.
- The frame and tabletops are formed from hand brushed aluminum with a clear anodized finish.
- Black nylon plastic floor leveling glides are suitable for indoor and outdoor use.
- Tables ship unassembled.

1 Inch Stool					
	Style	Depth	Length	Height	Weight
