

Petra

landscapeforms

Product Data Sheet

Inspired by the natural beauty of stones sculpted by water, Petra is a collection of three monolithic concrete forms designed to serve as artfully unconventional communal seating and meeting points. Gently curved across its entire surface, Petra's forms are friendly, playful and biophilic, designed to encourage interaction, reinforce a connection to nature and welcome safe play for children. Crafted from etched and waterproofed concrete, Petra blends effortlessly into natural spaces and introduces organic form to the built environment, whether standing alone or combined in groupings.

Bench

- Petra is a line of organic shaped benches.
- Petra benches are comprised of rounded edges, available in three shapes and sizes.
- Bench is made of cast stone with an acid etched/waterproof version (see below for further detail)
- Petra XS is anchored to the ground with screws.
- Petra S and L come standard freestanding.

Material

- Cast stone that is poured and cast over a stainless steel bar cage built to fit within the walls of the mold.
- Cast Stone makes it possible to cast thinner, irregularly shaped forms while retaining appropriate strength.
- The colors of Escofet cast stone products are neutral, muted and earth-toned and are derived from the aggregates used in casting
- No color is added in manufacture and no color is applied to finished products.
- The color range of every Escofet cast stone product is predetermined by the formulation used in its manufacture.
- Cast stone products do not require any specific maintenance during their estimated lifespan of more than 30 years. Water absorption and freeze-thaw cycles can cause weathering, a reproduction of the process that takes place in natural rock.
- Escofet applies a waterproof finish to its products to protect against this process.
- Escofet cast stone products are large and heavy.
- Shipping, receiving, staging and installing these pieces is more akin to handling large statuary or pre-fabricated architectural elements.
- See installation guide for important information.

	Style	Depth	Length	Height	Weight
	XS	43.25"	37.25"	18.25"	1605 lbs
	S	74.25"	46"	18.25"	3011.75 lbs
	L	77"	75.75"	19.25"	4469 lbs

Product Data Sheet

Product Warranty

- Escofet warrants the durability of its product to Landscape Forms for a period of five (5) years from the date of invoice.
- The warranty covers the repair or replacement of the product or components at no charge.
- Notwithstanding, this warranty does not cover damages to Escofet products resulting from unloading; handling; installation; abuse; exposure to paint, liquids or corrosives; or any other damage not attributable to Escofet.
- The warranty shall also be void if Escofet products are tampered with, handled, removed or modified by persons not authorized by Escofet; or if the product has not been properly maintained by the customer.

To Specify

- Specify Petra, select style, and choose concrete color. Petra comes standard either freestanding or anchored based on shape specified, and ships fully assembled.
