

Soc

landscapeforms

Product Data Sheet

Minimalist and geometric, Soc is a collection of three cylindrical urban elements that expertly play multiple roles as seating, space definition, meeting points and wayfinding devices. Optional LED lighting can surround Soc's entire perimeter, drawing interest and creating a mesmerizing levitation effect at night. Friendly and understated in form yet incredibly robust in its etched and waterproofed concrete construction, Soc's geometry, weight and shock resistance make it a discreet and elegant way to incorporate dissuasive elements into urban public spaces.

Bench

- Soc is an urban element that can be used as seating or boarder definition, it is comprised of rounded edges, available in three sizes.
- Optional integrated lighting available with a lighting temperature of 300K-6000K based on product specified.
 - Soc 60 has optional LED lighting at 6W in temperatures of 6000K to 3000K.
 - Soc 90 has optional LED lighting at 10W in temperatures of 6000K to 3000K.
 - Soc 120 has optional LED lighting at 12W in temperatures of 6000K to 3000K.
- Bench is made of cast stone with an acid etched/waterproof version (see below for further detail).
- Soc is anchored to the ground with screws.

Material

- Cast stone that is poured and cast over a stainless steel bar cage built to fit within the walls of the mold.
- Cast Stone makes it possible to cast thinner, irregularly shaped forms while retaining appropriate strength.
- The colors of Escofet cast stone products are neutral, muted and earth-toned and are derived from the aggregates used in casting
- No color is added in manufacture and no color is applied to finished products.
- The color range of every Escofet cast stone product is predetermined by the formulation used in its manufacture.
- Cast stone products do not require any specific maintenance during their estimated lifespan of more than 30 years. Water absorption and freeze-thaw cycles can cause weathering, a reproduction of the process that takes place in natural rock.
- Escofet applies a waterproof finish to its products to protect against this process.
- Escofet cast stone products are large and heavy.
- Shipping, receiving, staging and installing these pieces is more akin to handling large statuary or pre-fabricated architectural elements.
- See installation guide for important information.

	Style	Depth	Length	Height	Weight
	60	23.5"	23.5"	17.75"	494-661.5 lbs
	90	35.5"	35.5"	17.75"	1,212.75-1,245.75 lbs
	120	47.25"	47.25"	17.75"	2,383.25-1,996.75 lbs

*Weight varies based on optional lighting

Product Data Sheet

Product Warranty

- Escofet warrants the durability of its product to Landscape Forms for a period of five (5) years from the date of invoice.
- The warranty covers the repair or replacement of the product or components at no charge.
- Notwithstanding, this warranty does not cover damages to Escofet products resulting from unloading; handling; installation; abuse; exposure to paint, liquids or corrosives; or any other damage not attributable to Escofet.
- The warranty shall also be void if Escofet products are tampered with, handled, removed or modified by persons not authorized by Escofet; or if the product has not been properly maintained by the customer.

To Specify

- Specify Soc, select style, choose concrete color, and specify optional lighting. Soc comes standard with an anchored base and ships fully assembled.

Designed by SCOB for Escofet
