

Tiers

landscapeforms

Product Data Sheet

Taking modularity into all three dimensions, Tiers is a layered approach to outdoor seating with beautifully refined design and powerful versatility. Consisting of a bench, a dining table, a standing height table, and an individual stool, Tiers elements can stand alone or be arranged seamlessly alongside one another in myriad configurations for different interactions and postures — standing, leaning, perching, sitting face-to-face, side-by-side or back-to-back. Tiers' forms feature seamless transitions, graceful tapers and comfortably pillowed edges in a showcase of the unique design potential of Escofet's proprietary UHPC-Slimconcrete.

Tiers

- Tiers is a line of elements with the ability to fit multiple applications.
- The line is comprised of a backless bench, a stool, a dining table, and a standing height table.
- Tiers products can be used individually or together.
- Constructed of Slimconcrete® (UHPC), the bench is 100%recyclable material (see below for further detail).
- Bench, stool, and tables are anchored to ground with screws.

Material

- Slimconcrete® is the trademarked name used by Escofet for its ultra-high performance cast stone, a recipe in which the aggregate contains reinforcing elements such as fiberglass.
- Slimconcrete® is a highly engineered material that enables casting of lighter weight, thin-profile forms with exceptional strength and high resistance to compression, bending, impact and wear.
- It has spurred experimentation with form and the creation of cast concrete products with novel structural and aesthetic qualities.
- The colors of Escofet cast stone products are neutral, muted and earth-toned and are derived from the aggregates used in casting.
- The Slimconcrete® colors available are grey, black, beige, and white.
- No color is added in manufacture and no color is applied to finished products.
- The color range of every Escofet cast stone product is predetermined by the formulation used in its manufacture.
- Slimconcrete® products do not require any specific maintenance during their estimated lifespan of more than 30 years.
- Water absorption and freeze-thaw cycles can cause weathering, a reproduction of the process that takes place in natural rock.
- Escofet applies a waterproof finish to its products to protect against this process.
- Escofet cast stone products are large and heavy.
- Shipping, receiving, staging and installing these pieces is more akin to handling large statuary or pre-fabricated architectural elements.
- See installation guide for important information.

	Style	Depth	Length	Height	Weight
	Bench	17.75"	86.5"	17.75"	472 lbs
	Stool	15.75"	15.75"	17.75"	183 lbs
	Dining Table	17.75"	86.5"	29.25"	562.25 lbs
	Standing Table	17.75"	86.5"	41.25"	661.5 lbs

Product Data Sheet

Product Warranty

- Escofet warrants the durability of its product to Landscape Forms for a period of five (5) years from the date of invoice.
- The warranty covers the repair or replacement of the product or components at no charge.
- Notwithstanding, this warranty does not cover damages to Escofet products resulting from unloading; handling; installation; abuse; exposure to paint, liquids or corrosives; or any other damage not attributable to Escofet.
- The warranty shall also be void if Escofet products are tampered with, handled, removed or modified by persons not authorized by Escofet; or if the product has not been properly maintained by the customer.

To Specify

- Specify Tiers, select style(s), and choose Slimconcrete® color. Bench, stool, and tables come standard anchored and ships fully assembled.
