Key Bike Rack

Sustainability Data Sheet

With our roots in the landscape and a stated purpose to "Enrich Outdoor Spaces," Landscape Forms has a special relationship to the natural environment. We have always been mindful that as we design and manufacture products that are acted upon by the environment, we act upon it in turn. Environmental sustainability is completely consistent with our purpose, our goals, our values and our principles. We make stewardship of the environment a vital part of our business.

To learn more about our sustainability initiatives, refer to our Environmental Statement.

Key is manufactured using the following materials:

| Material | Parts | Recyclable |
|----------------------------------|------------|------------|
| Steel | Bike Rack | 100% |
| High Desity Polyurethene Plastic | Rack Cover | 100% |

Finishes

All metal is finished with Pangard II ® polyester powdercoat, which is lead-free, hazardous air pollutants-(HAPS) free, does not generate hazardous waste, and contains less than 1% VOCs. Once processed, these trace VOCs are fully inert therefore the finish does not release airborne contaminants.

| Packaging Materials | Parts | Recyclable |
|-------------------------------------|---|------------------------|
| Biodegradeable Plastic | Product Bagged to Protect Finish | 100% |
| Recycled Skid | | 100% |
| Cardboard with 35% Recycled Content | | 100% |
| | To find local recyclers visit: for aluminum: www.recyclealuminum.org; for steel: www.recycle-steel.org; for cardboard | d: www.corrugated.org. |

LEED®

This product may help achieve the following points under the LEED 2009 Rating System. For specifics regarding rules for the inclusion of furniture, please consult the rating system and reference guide that applies to your project.

SS Credit 4.2 Alternative Transportation—Bicycle Storage and Changing Rooms

Intent

To reduce pollution and land development impacts from automobile use.

Landscape Forms bike racks may contribute to this credit.

Sustainability Data Sheet

Materials and Resources

MR Credit 4, Recycled Content

Intent

To increase demand for building products that incorporate recycled content materials, thereby reducing impacts resulting from extraction and processing of virgin materials.

| Style | Post Consumer | Pre Consumer |
|-----------|---------------|--------------|
| Bike Rack | 28% | 15% |

Care and Maintenance

Key is designed and engineered to live a long, useful life in outdoor spaces without the use of chemical cleaners to maintain the finish. The durability, longevity and low maintenance of our products contribute to responsible stewardship of the earth's resources.

Polyethylene: Wash surface with all-purpose soap and water. Rinse well. For more stubborn stains apply Scrubbing Bubbles® according to manufacturer's directions. Wipe dry with clean cloth.
