landscapeforms

## Sustainability Data Sheet

Sustainability is the foundation of Landscape Forms' commitment to enhance the experience of outdoor space. Across our portfolio, we prioritize responsible design, materials, manufacturing practices and partnerships that honor the environments we help shape—today and for the future. Each solution reflects our ongoing efforts to reduce environmental impact and advance sustainable landscape design through thoughtful decisions across the entire lifecycle.

### Lakeside is manufactured using the following materials:

Material	Parts	Recyclable
Steel	Body/Lid	100%
Rotationally Molded Linear Low Density Polyethylene	Liner	100%

### Finishes

All metal is finished with Pangard II® polyester powdercoat, a lead-free and hazardous air pollutants (HAPS)-free finish that does not generate hazardous waste and contains less than 1% VOCs. Once cured, trace VOCs are fully inert, ensuring the finish does not release airborne contaminants.

Packaging Materials	Parts	Recyclable
Biodegradable Plastic	Product Bagged to Protect Finish	100%
Recycled Skid		100%
Cardboard with 35% Recycled Content		100%

To find local recyclers visit: for aluminum: [www.recyclealuminum.org](http://www.recyclealuminum.org); for steel: [www.recycle-steel.org](http://www.recycle-steel.org); for cardboard: [www.fibrebox.org](http://www.fibrebox.org).

## Sustainability Data Sheet

### Recycled Content

Style	Post Consumer	Pre Consumer
Litter Receptacle	54%	29%

### Care and Maintenance

Lakeside Litter Receptacle is designed and engineered to live a long, useful life in outdoor spaces without the use of chemical cleaners to maintain the finish. The durability, longevity and low maintenance of our products contribute to responsible stewardship of the earth's resources.

All metal is finished with Landscape Forms' proprietary Pangard II® polyester powdercoat, a hard yet flexible finish that resists rusting, chipping, peeling and fading and requires no cleaning solvents once installed. Clean surface as needed using a soft cloth or brush with a mild detergent. Avoid steam cleaning, abrasive cleansers, carbon steel brushes/wools and cleaners containing chlorine. Outdoor use will require periodic finish inspection and maintenance. Inspect periodically for scratches, nicks and gouges. Touch-up paint is included with every order and can be used to repair minor nicks and scratches.
