

Sustainability Data Sheet

Sustainability is the foundation of Landscape Forms' commitment to enhance the experience of outdoor space. Across our portfolio, we prioritize responsible design, materials, manufacturing practices and partnerships that honor the environments we help shape—today and for the future. Each solution reflects our ongoing efforts to reduce environmental impact and advance sustainable landscape design through thoughtful decisions across the entire lifecycle.

Link is manufactured using the following materials:

Material	Parts	Recyclable
Steel	Bench Supports, Arms	100%
Wood	Back and Seat Boards	100%
Wood- Bamboo	Back and Seat Boards	0%

Finishes

All metal is finished with Pangard II® polyester powdercoat, a lead-free and hazardous air pollutants (HAPS)-free finish that does not generate hazardous waste and contains less than 1% VOCs. Once cured, trace VOCs are fully inert, ensuring the finish does not release airborne contaminants.

Packaging Materials	Parts	Recyclable
Biodegradable Plastic	Product Bagged to Protect Finish	100%
Recycled Skid		100%
Cardboard with 35% Recycled Content		100%

To find local recyclers visit: for aluminum: www.recyclealuminum.org; for steel: www.recycle-steel.org; for cardboard: www.fibrebox.org.

Care and Maintenance

Link is designed and engineered to live a long, useful life in outdoor spaces without the use of chemical cleaners to maintain the finish. The durability, longevity and low maintenance of our products contribute to responsible stewardship of the earth's resources.

All metal is finished with Landscape Forms' proprietary Pangard II® polyester powdercoat, a durable yet flexible finish that resists rusting, chipping, peeling, and fading and requires no solvents for cleaning. Surfaces should be cleaned with a soft cloth or brush and mild detergent, avoiding steam cleaning, abrasive cleansers, carbon steel brushes or wools, and chlorine-based cleaners. Outdoor use requires periodic inspection for scratches, nicks, and gouges, which can be repaired with touch-up paint provided with each order.

Wood: Exterior woods require no maintenance. If desired, the surface may be scrubbed with warm soapy water and soft bristle brush. Pressure washing, steel wool/wire brushes are not recommended. Heavily ingrained stains may be sanded away with fine grade sandpaper worked in the direction of the grain. Sanded wood will weather to a gray patina. Interior woods require only dusting or occasional cleaning with a good-quality furniture polish.
