Parallel 42

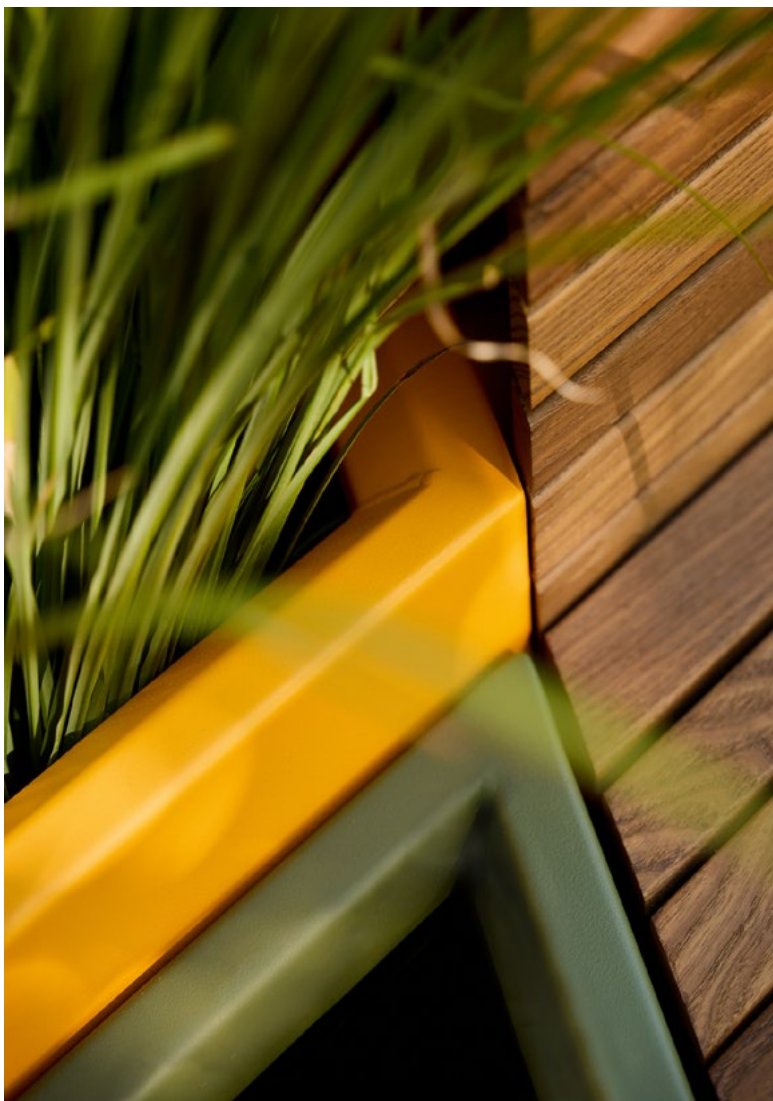

A Platform For Connection

Parallel 42 is space definition of a different dimension, and a place to sit is just the start for this modular system. Parallel pieces provide elegantly simple building blocks for activating outdoor space. Frame space, divide space, introduce greenery and enliven space to spark social interactions — formal and informal, impromptu and planned. Create settings around complementary site elements to support a wide variety of outdoor activities.

A Toolkit for Tailored Solutions

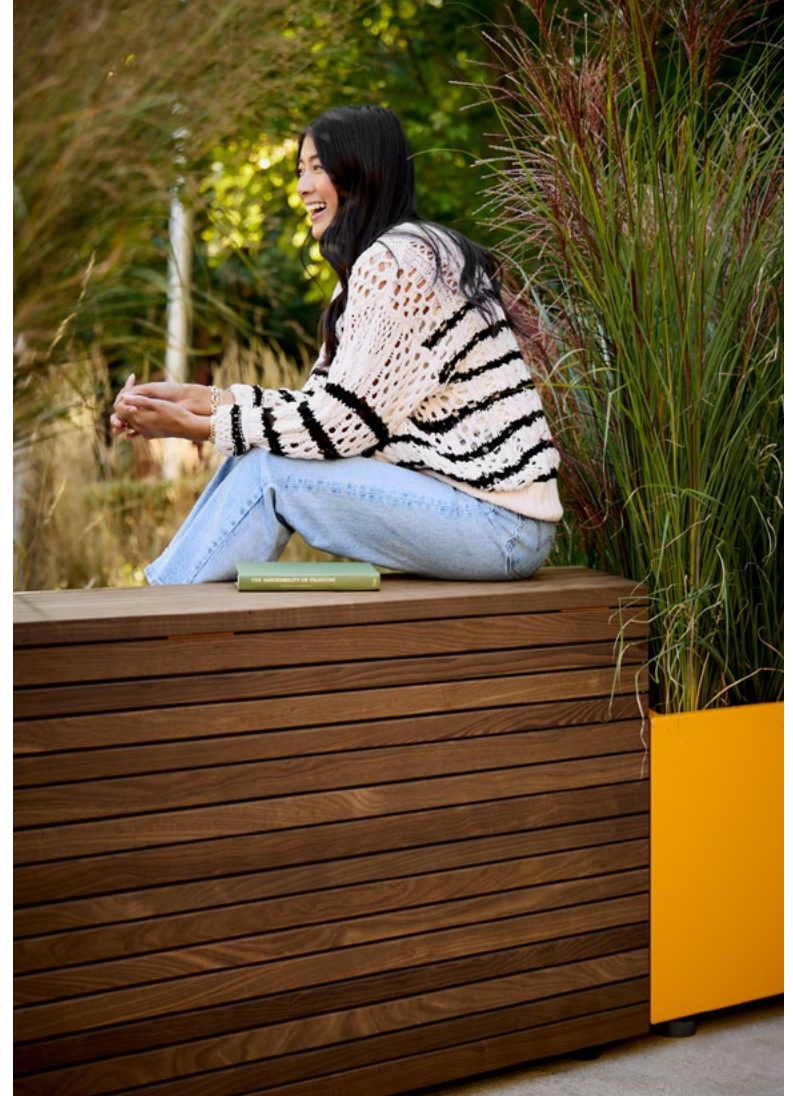

Apply right-hand, left-hand, straight and wedge modules singly or in combination. Distribute them, cluster them, line them up or branch them out. Use terraced modules to comfortably welcome a wide range of postures and unique interactions — from sitting, leaning and working on a laptop, to perching, stretching out and putting your feet up. Incorporate planter modules to break up open areas, activate spaces with greenery, outline social gathering points, and establish semi-privacy outdoors. Customize installations with coined steel backs and center arms, elegant yet substantial and all coming together without visible fasteners. Add an Illumination and Power Kit on any of the seating modules to neatly incorporate different combinations of 120V power, sought-after USB Type-C and Type-A charging and the ability to illuminate the evening with the warm, welcoming glow of integrated LED lighting.

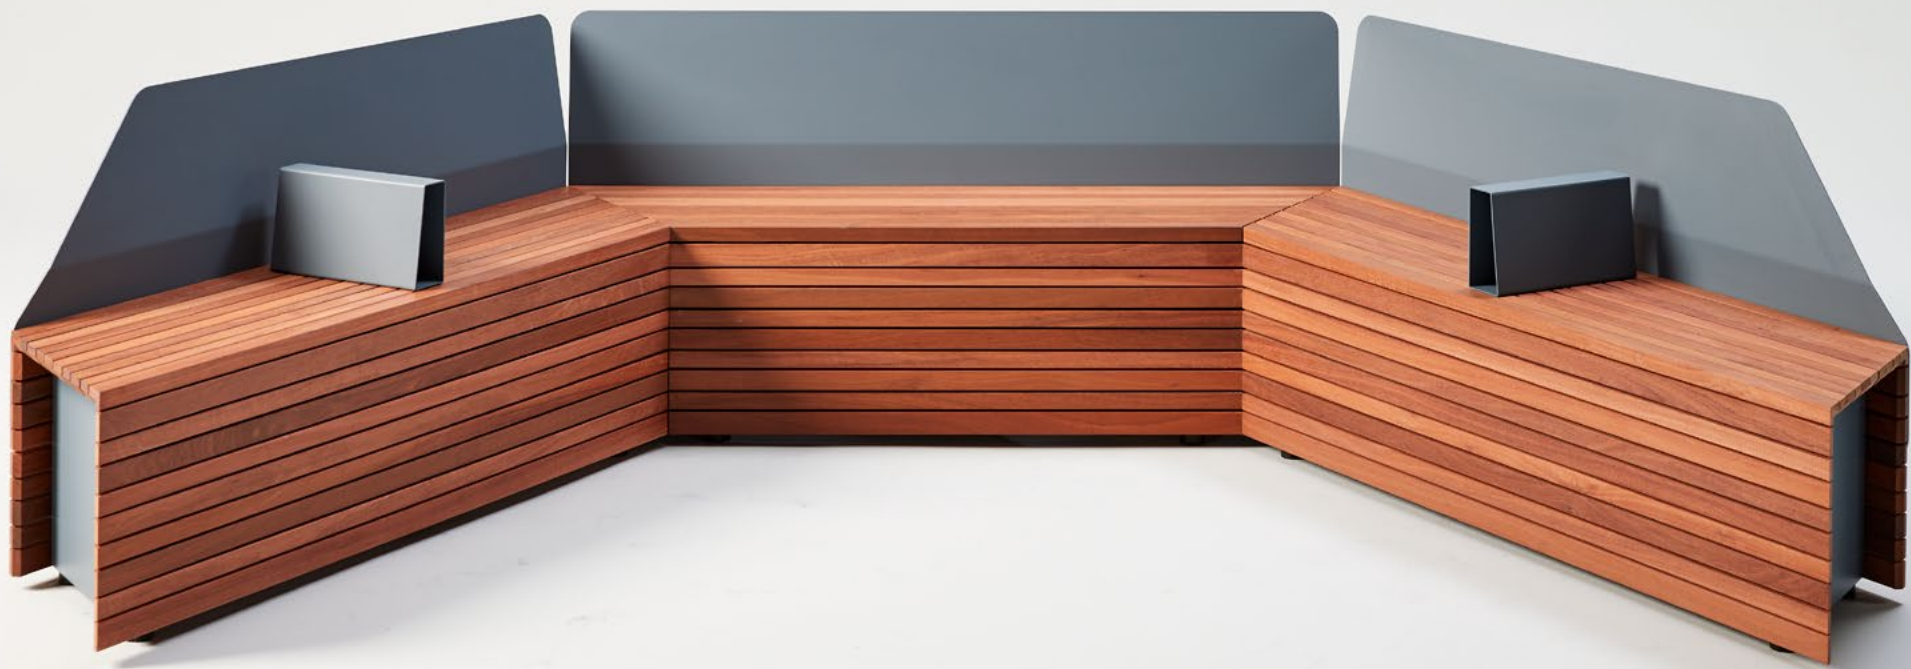

Freedom to Shape Experiences

From simple and straightforward to complex and highly detailed, Parallel 42 is your invitation to approach the landscape as if it were a blank canvas. Freestanding or surface mounted, the pieces abut but don't connect, so where they meet is up to you. It's a new set of tools for organizing public space.

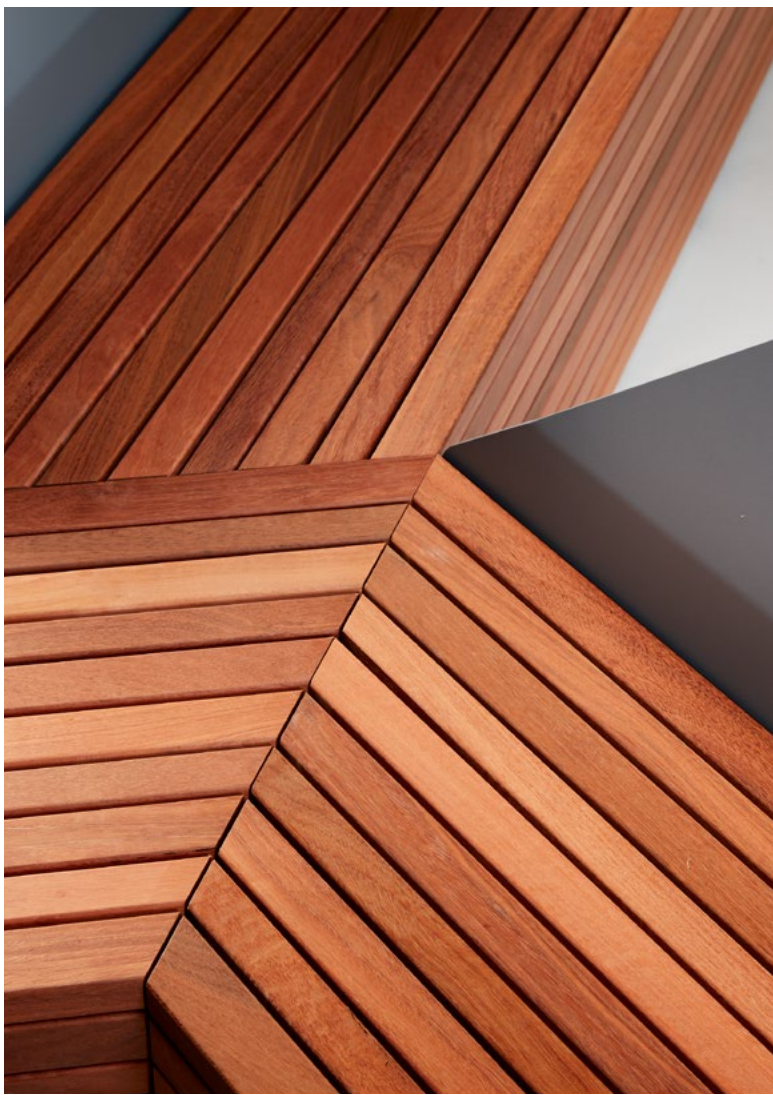

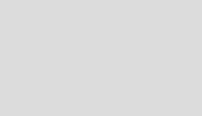

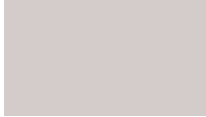

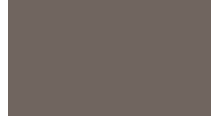

Materials

Vivid Series - Powdercoated Metal (Fine Texture)

					
Clay	Lemon	Mango	Loll Sunset Orange	Chili	Loll Apple Red
					
Loll Leaf Green	Moss	Forest	Loll Navy Blue
