Scarborough

Product Data Sheet

landscapeforms

Scarborough is welcoming and comfortable. The patented design is assembled as a warp and weft construction of pre-formed parts. The backless Scarborough bench can be used from either side and is ideal for narrow spaces. Litter receptacles with strap or square bar vertical panels are nicely scaled to the bench and the human form. Scarborough transcends categories. It is remarkably durable not only in the way it wears but in the way it remains current over time.

Bench

- Horizontal strap seat styles may be specified for backed or backless benches.
- Backed benches are offered in 48", 72", or 96" lengths.
- Backless benches are offered in 48", 72", or 96" lengths.
- Center arm may be specified on backed benches in 72" or 96" lengths.
- Bench in 96" length available with two intermediate arms.
- The bench comes standard with a freestanding/surface mount.
