solstice™ collection

Solstice performs variations on the shape of shade.

Cygnus hovers, gesturing gracefully in the surrounding air. Altair quietly shields with a form as simple as a traditional parasol. All three Solstice variations provide protection and create a sense of destination. Their modular structure of metal frames and panels makes them easy to assemble, highly durable, wind and weather resistant, and maintenance free. They are as elegant on the inside as they are out; as whimsical and colorful as the setting calls them to be.

Our Purpose Is To Enrich Outdoor Spaces

We believe in the power of design and its ability to influence and elevate the quality of public space. High quality products and outstanding customer experience makes us one of the world's premier designers and manufacturers of outdoor commercial furnishings.

Solstice Specifications

Solstice™ shade panels are solid or perforated aluminum, mounted in a frame extruded from recycled aluminum. Struts are also extruded from recycled aluminum. Top cap, strut ring and end caps are recycled aluminum castings. Surface mount stand is steel.

Solstice Collection Styles

	Altair	Cygnus	h x dia.
Table mount	84" x 87"	84" x 90"	
Stand mount	91" x 87"	91" x 90"	
Clearance under shade panels for all styles is 6'2"			

Panel Mount

Aluminum panels are mounted in notched, extruded recycled aluminum frame pieces. End caps are aluminum castings.

Surface Mount Stand

Stand includes two stainless steel bolts to hold the Solstice pole in place and must be used when Solstice sun shade is not mounted to a Landscape Forms table. Anchoring hardware not included.

Metal Finishes

All metal parts are finished with Landscape Forms' exclusive Pangard II® polyester powdercoat – a hard, yet flexible, finishing process that resists rusting, chipping, peeling and fading.

Mounting

When used with a Landscape Forms table, Solstice must be mounted to the table, which in turn must be mounted to, or embedded in, a hard surface. If used with a table other than those offered by Landscape Forms, Solstice must be anchored to our surface mount stand. Solstice may also be used without a table, but must be secured in our surface mount stand.

To Specify:

Specify Altair or Cygnus sun shade. Select perforated or solid panels, and powdercoat color(s). Specify to mount in Landscape Forms surface mount or embedded table. Specify surface mount stand if using with table other than those supplied by Landscape Forms, or if used without a table. Specify color for stand.
