STRATA Beam

A Flexible Family Creates Unique Site Identity

STRATA Beam, designed by Jess Sorel, marries Landscape Forms' proprietary Meldstone ultra-high performance concrete (UHPC) with the warmth of wood in a table and benches that create distinctive gathering and resting places in natural and urban settings. STRATA Beam benches can be joined together in myriad arrangements using the STRATA Beam expansion modular connectors, enabling designers to arrive at aesthetics uniquely their own.

Designed to Be One-of-a-Kind

With modular bridge legs and three different angle connectors in 90°, 60° and 45°, the STRATA Beam expansion widens the scope of the STRATA Beam family. Customized configurations range from familiar L-benches and U-benches, to fully enclosed squares, hexagons and octagons, to snaking asymmetric runs and mixed configurations incorporating singular STRATA Beam benches and tables.

Architectural Presence that Creates a Sense of Place

Cast concrete structural elements spanned by wood seat and table surfaces provide contrasts between cast and milled, hard and soft, and cool and warm. The thin profile and sculptural form of the UHPC structure belie its durability, while light plays quietly across the faceted concrete surfaces and through the slatted wood. The architectural presence of the STRATA Beam table and adaptable benches delineates space and guides movement in both natural and metropolitan outdoor environments.

Striking Family Characteristics

The STRATA Beam family includes an 87"-long table and table benches in 31" and 69" lengths and an 80"-long, three-seat bench with and without a back and optional arms. The 69" bench is sized for easy ingress and egress, and 31"-long benches can be paired at the table or placed individually to provide wheelchair access. STRATA Beam's Meldstone components are offered in a white, natural and deep gray.

Materials

Vivid Series - Powdercoated Metal (Fine Texture)

					
Clay	Lemon	Mango	Chili	Loll Apple Red	Loll Leaf Green
					
Moss	Forest	Loll Navy Blue			

Neutral Series - Powdercoated Metal

				
Silver Metallic	Mercury Metallic	Steel Metallic	Bronze Metallic	Titanium Metallic
				
Gloss Black	Gloss White			

Architectural Series - Powdercoated Metal (Fine Texture)

					
Fog	Obsidian	Matte Black	Terra	Nutmeg	Onyx
					
Sage	Blue Ash	Dusk
