## Care and Maintenance

Take-Out is designed and engineered to live a long, useful life in outdoor spaces without the use of chemical cleaners to maintain the finish. The durability, longevity and low maintenance of our products contribute to responsible stewardship of the earth's resources.

All metal is finished with Landscape Forms' proprietary Pangard II® polyester powdercoat, a durable yet flexible finish that resists rusting, chipping, peeling, and fading and requires no solvents for cleaning. Surfaces should be cleaned with a soft cloth or brush and mild detergent, avoiding steam cleaning, abrasive cleansers, carbon steel brushes or wools, and chlorine-based cleaners. Outdoor use requires periodic inspection for scratches, nicks, and gouges, which can be repaired with touch-up paint provided with each order.
