

With our roots in the landscape and a stated purpose to “Enrich Outdoor Spaces,” Landscape Forms has a special relationship to the natural environment. We have always been mindful that as we design and manufacture products that are acted upon by the environment, we act upon it in turn. Environmental sustainability is completely consistent with our purpose, our goals, our values and our principles. We make stewardship of the environment a vital part of our business.

To learn more about our sustainability initiatives, refer to our [Environmental Statement](#).

## Theory is manufactured using the following materials:

| Material           | Parts      | Recyclable |
|--------------------|------------|------------|
| Aluminum           | Extrusions | 100%       |
| Steel              | Inserts    | 100%       |
| Glass              | Inserts    | 100%       |
| Aluminum Honeycomb | Inserts    | 100%       |

| Recyclable Materials | Post Consumer Content | Pre-Consumer Content |
|----------------------|-----------------------|----------------------|
| Shelter              | TBD*                  | TBD*                 |
| Thick Bench          | TBD*                  | TBD*                 |
| Thin Bench           | TBD*                  | TBD*                 |
| Cube                 | TBD*                  | TBD*                 |
| Glass                | TBD*                  | TBD*                 |

## Finishes

All metal is finished with Pangard II® polyester powdercoat, which is lead-free, hazardous air pollutants-free (HAPS), does not generate hazardous waste, and contains less than 1% VOCs. Once processed, these trace VOCs are fully inert, therefore the finish does not release airborne contaminants.

| Packaging Materials                 | Parts                            | Recyclable |
|-------------------------------------|----------------------------------|------------|
| Biodegradable Plastic               | Product Bagged to Protect Finish | 100%       |
| Recycled Skid                       |                                  | 100%       |
| Cardboard with 35% Recycled Content |                                  | 100%       |

## LEED®

This product may help achieve the following points under the LEED 2009 Rating System. For specifics regarding rules for the inclusion of furniture, please consult the rating system and reference guide that applies to your project.

### IEQ Prerequisite 2: Environmental Tobacco Smoke (ETS) Control

#### Intent

To prevent or minimize exposure of building occupants, indoor surfaces and ventilation air distribution systems to environmental tobacco smoke (ETS).

Benches, tables, chairs and ash urns help create a designated smoking area 25 feet or more from entries, outdoor air intakes and operable windows to support the intent of this prerequisite.

\* Please contact Landscape Forms for post consumer and pre-consumer recyclable materials.
