

Wellspring

landscapeforms

Product Data Sheet

Wellspring is handsome teak furniture with subtle design features that make it easy to sit, settle, reach and rise. This collection is one of a kind, created with retirement and healthcare settings in mind. Contoured seats, curved back and extra slats provide added comfort and support. Higher arms with extended ends for gripping assist sitters as they rise from the seat.

Bench

- The backed benches are available in 48" and 72" lengths and constructed of teak with no finish
- The bench is available in a 17.5" seat height as well as a 19" seat height; the 19" height allows easier transfer of a person from a wheelchair
**Note: 17.5" and 19" benches of 48" and 72" length meet requirements for ADA. Check with local codes to verify*
- The seat portion of the bench tapers towards the back and the back portion of the bench is curved to give the bench greater ergonomic support
- The back of the bench and the arms are designed to be taller for greater stability and comfort
- The benches ship fully assembled with freestanding glides; optional stainless steel surface mounting kit is available

Bench	Style	Depth	Width / Length	Height	Weight
	48"	26"	50"	35"	17.5" Seat: 65 lb 19" Seat: 66 lb
	72"	26"	73"	35"	17.5" Seat: 97 lb 19" Seat: 98 lb

Dining Table

- The 48" round dining table is constructed of teak with no finish.
- All tables have removable center teak plug
- Table can be specified as surface mount or freestanding
- If used with an umbrella, table must be surface mounted for stability
- Powdercoated surface mount plate is attached to base
- Black rubber center grommet comes standard with each surface mount table
- Stainless steel leveling glides provided for freestanding tables.
- Some assembly required

Table	Style	Diameter	Height	Weight
	48" Round	48"	30"	63 lb
Freestanding Table Surface Mount Glides		Surface Mount Table Plate
