Windmark Chair

landscapeforms

Sustainability Data Sheet

Sustainability is the foundation of Landscape Forms' commitment to enhance the experience of outdoor space. Across our portfolio, we prioritize responsible design, materials, manufacturing practices and partnerships that honor the environments we help shape—today and for the future. Each solution reflects our ongoing efforts to reduce environmental impact and advance sustainable landscape design through thoughtful decisions across the entire lifecycle.

Windmark Chair is manufactured using the following materials:

Material	Parts	Recyclable
Aluminum	Chair Frame	100%
Steel	Seat Panels, Back Panels	100%
Wood	Seat Panels, Back Panels	100%

Finishes

All metal is finished with a polyester powdercoat, a lead-free and hazardous air pollutants (HAPS)-free finish that does not generate hazardous waste and contains less than 1% VOCs. Once cured, trace VOCs are fully inert, ensuring the finish does not release airborne contaminants.

Packaging Materials	Parts	Recyclable
Biodegradeable Plastic	Product Bagged to Protect Finish	100%
Recycled Skid		100%
Cardboard with 35% Recycled Content		100%

To find local recyclers visit: for aluminum: www.recyclealuminum.org; for steel: www.recycle-steel.org; for cardboard: www.fibrebox.org.

Windmark Chair

Sustainability Data Sheet

Recycled Content

Style	Post Consumer	Pre Consumer
Chair, No Arms, Metal	41%	26%
Chair, No Arms, Wood	15%	11%
Chair, with Arms, Metal	39%	25%
Chair, with Arms, Wood	16%	12%

Care and Maintenance

Windmark Chair is designed and engineered to live a long, useful life in outdoor spaces without the use of chemical cleaners to maintain the finish. The durability, longevity and low maintenance of our products contribute to responsible stewardship of the earth's resources.

All metal is finished with Pangard II® polyester powdercoat, a lead-free and hazardous air pollutants (HAPS)-free finish that does not generate hazardous waste and contains less than 1% VOCs. Once cured, trace VOCs are fully inert, ensuring the finish does not release airborne contaminants.

Landscape Forms exterior wood products are made from species that weather naturally in outdoor settings to a silvery gray patina. No paints or applied finishes are used, as these would require ongoing maintenance.
